

November 18, 2009

As a geographic information system (GIS) user, you have no doubt met people who are unfamiliar with GIS technology. GIS Day™ is an opportunity to share your passion for your work with colleagues and your community and allows people to see and experience GIS firsthand.

"The city's GIS Day event helped show citizens and employees that GIS is all around you, and it can be as fun and interesting as it is useful!"

Sylvia Wood
City of Denton, Texas

About GIS Day

Since 1999, more than 10,000 organizations have participated in GIS Day by hosting events such as open houses, hands-on workshops, community expos, career fairs, schoolwide assemblies, and mapping projects.

GIS Day success is due to the hard work and dedication of GIS users around the world who see the importance in sharing their GIS knowledge with others.

Why Should I Participate?

- Promote your organization's use of GIS.
- Showcase real-world applications.
- Establish mentor relationships with local youth.
- Introduce GIS to potential clients.
- Point students to a career in GIS.

How Do I Get Started?

Visit the GIS Day Web site to

- Register your event.
- Search for events near you.
- Download free materials.
- Read success stories for inspiration.
- View photos from last year's events.
- Gather ideas for a future event.
